

The Advantage

By integrating the training experience, we are able to offer the complete professional pilot package at an outstanding value. Our program is designed for flexibility, an important factor in training a variety of pilots from diverse backgrounds, and a factor that will allow the training to be completed within the least amount of time.

No other flight school in Idaho can offer the depth and variety of training that we can.

Hailey Airport
2230 Aviation Dr.
Hailey, ID 83333
208-720-1537

Customer Comments:

"Finest instruction I've encountered in my eight years of flying. This group is committed to your on-going safety, not just to passing the checkride."
-Don

"I have taken the program and can say that it is exceptional."
-Snap

"The people are great. I not only left there with my instrument ticket, I left with new friendships as well."
-Court

Become a Professional Pilot

Experience Counts...

At Glass Cockpit Aviation, we have some of the most experienced instructors in advanced aircraft, who are dedicated to helping the student achieve a thorough understanding of the equipment. We use computer and simulation programs that are designed to help you gain a complete understanding. Our goal is to produce the safest pilots in an efficient program and develop confident pilots experienced with the latest technology and safety equipment.
